### Why Stock First Battery?

Reliable power starts here. Introducing the First Battery range: Platinum, Gold, and Bronze. The First Battery range sets the standard for OEM-approved batteries. For more than 93 years, First Battery has stood proudly as South Africa's leading battery manufacturer. We manufacture our batteries with a bespoke fully-framed grid to ensure superior power, durability, and reliability. All our batteries are made locally, and we produce over 2.2 million batteries a year for the domestic and global market. Our commitment to the environment means that our batteries are 96% recyclable and we also recycle our competitors batteries in our world-class recycling facility.

For more information, pricing details, and any other enquiries, please contact our dedicated sales team at marketing@battery.co.za We're here to provide you with all the support and resources you need to make these batteries a part of your product line up.

#### PLATINUM 36 Month Warranty

This is our premier battery, specifically designed for modern start/stop vehicles. The First Battery Platinum offers exceptional performance and reliability. Its advanced Absorbed Glass Mat (AGM) technology ensures longer service life, superior cycling capabilities, and enhanced durability, even in the most demanding conditions.

#### GOLD 24 Month Warranty

The First Battery Gold sets the standard for Lead-acid batteries with our innovative fully-framed grid technology for superior performance.

This series represents a versatile and dependable choice for a wide range of vehicles. Known for its strong cranking power, durability and reliability. It's a trusted companion for both daily drivers and occasional road warriors.

#### **BRONZE** 18 Month Warranty

The First Battery Bronze series is the perfect budget-friendly option without compromising on quality. The First Battery Bronze battery also carries our fully-framed grid system for improved performance, durability and reliability. It's the ideal choice for customers looking for reliable cost-effective solution for their automotive power needs.
